Insert: "NEW SECTION. Section 6. Restrictions on transactions. (1) A wholesale drug distributor shall receive prescription drug returns or exchanges from a pharmacy or chain pharmacy warehouse pursuant to the terms and conditions of the agreement between the wholesale drug distributor and the pharmacy or chain pharmacy warehouse. The returns or exchanges that include the returns of expired, damaged, recalled, or other unsalable pharmaceutical products may be distributed by the receiving wholesale drug distributor only to either the original manufacturer or to a third-party returns processor. Returns or exchanges of salable or other prescription drugs, including any redistribution by a receiving wholesaler, are not subject to the pedigree requirements of [section 7] as long as the transactions are exempt from pedigree under the U.S. food and drug administration's currently applicable prescription drug marketing guidelines. Wholesale drug distributors and pharmacies must be held accountable for policing their returns process and ensuring that their operations are secure and do not permit the entry of adulterated or counterfeit prescription drugs.

(2) A manufacturer or wholesale drug distributor shall furnish prescription drugs only to a person licensed by the board. Before furnishing prescription drugs to a person not known to the manufacturer or wholesale drug distributor, the manufacturer or wholesale drug distributor shall contact the board to affirmatively verify that the person is legally authorized to receive the prescription drugs.

(3) Prescription drugs furnished by a manufacturer or wholesale drug distributor may be delivered only to the premises listed on the license. However, the manufacturer or wholesale drug distributor may furnish prescription drugs to an authorized person or agent of that person at the premises of the manufacturer or wholesale drug distributor if:

- (a) the identity and authorization of the recipient is properly established; and
- (b) this method of receipt is employed only to meet the immediate needs of a particular patient of the authorized person.

(4) Prescription drugs may be furnished to a hospital pharmacy receiving area if a pharmacist or authorized receiving employee signs, at the time of delivery, a receipt showing the type and quantity of the prescription drug received. Any discrepancy between the receipt and the type and quantity of the prescription drug actually received must be reported to the delivering manufacturer or wholesale drug distributor by the next business day after delivery.

(5) A manufacturer or wholesale drug distributor may not accept payment for or allow the use of a person's or entity's credit to establish an account for the purchase of prescription drugs from any person other than the owner or owners of record, the chief executive officer, or the chief financial officer listed on the license of a person or entity legally authorized to receive prescription drugs. Any account established for the purchase of prescription drugs must bear the name of the licensee."

Insert: "NEW SECTION. Section 7. Pedigree requirements. (1) Except for the original manufacturer of the finished form of the prescription drug, each person, including a repackager, who is engaged in wholesale distribution of prescription drugs that leave or have ever left the normal distribution channel shall provide a pedigree to the person that receives the prescription drugs.

(2) A retail pharmacy or chain pharmacy warehouse is required to comply with the requirements of this section only if the retail pharmacy or chain pharmacy warehouse engages in wholesale distribution of prescription drugs.

(3) The board shall conduct a study to be completed no later than July 1, 2009, that includes consultation with manufacturers, wholesale drug distributors, and pharmacies responsible for the sale and distribution of prescription drug products in this state. Based on the results of the study, the board shall establish a mandated feasible implementation date for electronic pedigrees.

(4) Except for the original manufacturer of the finished form of the prescription drug, each person, including a repackager, who is provided a pedigree for a prescription drug and who attempts to further distribute that prescription drug shall affirmatively verify before any distribution of a prescription drug occurs that each transaction listed on the pedigree has occurred.

(5) The pedigree must include all necessary identifying information concerning each sale in the chain of distribution of the product from the manufacturer through acquisition and sale by any wholesale drug distributor or repackager until final sale to a pharmacy or other person dispensing or administering the prescription drug. At a minimum, the pedigree must include:

- (a) the name, address, telephone number, and, if available, e-mail address of each owner of the prescription

drug and each wholesale drug distributor of the prescription drug;

(b) the name and address of each location from which the prescription drug was shipped, if different from the owner's;

(c) transaction dates;

(d) certification that each recipient has authenticated the pedigree;

(e) the name of the prescription drug;

(f) the dosage form and strength of the prescription drug;

(g) the size of the container;

(h) the number of containers;

(i) the lot number of the prescription drug; and

(j) the name of the manufacturer of the finished dosage form.

(6) Each pedigree must be:

(a) maintained by the dispensing pharmacy or individual and the wholesale drug distributor for 3 years from the date of sale or transfer; and

(b) available for inspection or use within 2 business days upon a request by the board or an authorized officer of the law.

(7) The board shall adopt rules, including a standard form, relating to the requirements of this section."

Insert: "NEW SECTION. Section 8. Enforcement -- cease distribution order. (1) The board shall issue an order requiring the appropriate person, including the manufacturers, wholesale drug distributors, or retailers of the prescription drug, to immediately cease distribution of the prescription drug in or to this state if the board finds that there is a reasonable probability that:

(a) a wholesale drug distributor, other than a manufacturer, has:

(i) violated a provision of this part; or

(ii) falsified a pedigree or sold, distributed, transferred, manufactured, repackaged, handled, or held a counterfeit prescription drug intended for human use;

(b) the prescription drug at issue in subsection (1)(a)(ii) could cause serious, adverse health consequences or death; and

(c) other procedures would result in unreasonable delay.

(2) An order under subsection (1) must provide the person subject to the order with an opportunity for an informal hearing, to be held not later than 10 days after the date of the issuance of the order, on the actions required by the order. If, after a hearing, the board determines that inadequate grounds exist to support the actions required by the order, the board shall vacate the order."

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications."

Insert: "NEW SECTION. Section 10. Codification instruction. [Sections 6 through 8] are intended to be codified as an integral part of Title 37, chapter 7, part 6, and the provisions of Title 37, chapter 7, apply to [sections 6 through 8]."

The House reconvened at 2:00 p.m. Mr. Speaker in the Chair.

SPECIAL ORDERS OF THE DAY

Sergeant-at-Arms Clark escorted the Senate into the House Chambers.

HOUSE JOURNAL
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 16, 2007

Speaker Sales introduced President Cooney and yielded the chair to him.

Senator Williams moved that the body resolve itself into a joint session for the purpose of receiving the address from Montana's Congressman, the Honorable Denny Rehberg.

Senator Williams moved that President Cooney be authorized to appoint a committee of four to notify Congressman Denny Rehberg that the House was in joint session and ready to receive his address. Motion carried.

President Cooney appointed Senators Gillan and Essmann and Representatives Pomnichowski and Nooney and discharged them to escort the Honorable Congressman into the House Chamber.

The committee escorted Congressman Rehberg into the House.

Father Lowney, Senate Chaplain, gave the invocation.

President Cooney led the assembly in the Pledge of Allegiance to the Flag.

After being presented to the members of both houses by President Cooney, Montana's Congressman Denny Rehberg gave this speech to the House Chamber:

Address to 2007 Montana Legislature
Montana Congressman Denny Rehberg
March 16, 2007

Distinguished members of the Legislature, honored guests, my fellow Montanans...

Thank you for allowing me to be here today. It's good to be back at the State Capitol. It's truly a privilege to stand before you once again as Montana's Congressman and discuss what we can do together for Montana.

I'm going to talk today about the future, but before I get into the substance of my remarks I want to show you the future. In the audience today is young man by the name of Toby Marx. Toby is the son of Glenn and Terri Marx. Some of you may remember Glenn's name because of his service to Montana working for Congressman Ron Marlenee and Governors Stan Stephens and Marc Racicot. Toby is a 2006 graduate of Whitehall High School where he was Valedictorian and an accomplished athlete. Last year I appointed Toby to West Point where he just finished his first semester, is an Engineering major, and is on the Dean's List. When he graduates Toby will be commissioned as a 2nd Lieutenant and will have a five year obligation in the U.S. Army. Young men like Toby make me feel pretty good about Montana's future and America's future and I want to thank him for his service.

I would also like to take a minute and pay tribute to all of the brave young men and women serving to protect America, at home, and abroad. Their deeds and service will remain forever engraved in the archives of a grateful nation and in the hearts of their family and friends.

When I last spoke to you two years ago, circumstances were very different in the U.S. House. While the changes certainly bring new challenges, the priority remains the same: making sure Montana has a seat at the table in Washington DC.

As many of you know, I visit each of Montana's 56 counties every congressional term – which means I get a lot of frequent driver miles. It also means I spend a lot of time talking to Montanans and filling up at gas stations – and those conversations and fill-ups ensure that energy issues, and their solutions, are never far from my mind.

Those of us in elective office should never tire of talking about energy problems, and finding energy solutions, because

HOUSE JOURNAL
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 16, 2007

it's not a matter of time – we are already facing energy shortages across the country.

It's not a matter of money, as federal and state governments continue to combine to spend billions through LIHEAP and other such programs to try and make sure folks don't have to choose between paying their energy bill and putting food on the table.

And it certainly shouldn't be a matter of politics. The need for a National energy policy and the time for Montana to be part of the comprehensive national energy policy is NOW. It's time for all of us to quit blaming each other for what's not being done and start the task of creating a long-term plan that will prevent price shocks, prevent energy shortages, and establish a level of energy consistency and price stability Montanans have the right to expect.

The status quo is unacceptable. When it comes to energy; we need to do more. MUCH MORE. If Americans nationwide and Democrats and Republicans especially in Washington D.C. are willing to work together and put aside regional and partisan differences, we can accomplish a lot in a short period. And frankly, we don't have a choice.

Let's talk about the principles of an effective, comprehensive energy policy that would address our needs today, AND tomorrow.

One – America will be stronger if it develops 21st Century technology and market-oriented solutions to environmental conservation, and energy consumption.

Protecting the environment and producing energy are not mutually exclusive.

Two – The lengthy process of environmental planning must be made more efficient and cost effective. We don't need more bureaucracy and burdensome regulations. We need the kind of common sense environmental regulations that are balanced and reasonable.

Three – America should focus its energy policy in four areas: basic research for a new energy system, incentives for conservation, more renewable resources, and environmentally sound development of fossil fuels.

You, like me, read the headlines every day. Venezuela this – Saudi Arabia that – OPEC this – Iran that. A threat to America's energy security is a threat to national security. Our “dependence” on OPEC and foreign oil entangles us in the Middle East and makes us dependent on countries that are hostile to America and American interests. The greater America's dependence on foreign energy, the greater the threat to American national security.

What does that have to do with the 60th Montana Legislative Session?

With full confidence I can say that what you are going to discuss over the final days of this session has vastly more to do with our long-term national security than anything Congress will do about the Middle East in the next few months. And what you need is a sense of the strategic importance of energy independence, and why it is urgent at a national security level.

If you were to take all of Latin America and look at the amount we have spent there since 1979 in terms of national defense, military activities, etc. and then you were to take all of sub-Saharan Africa and look at the amount we have spent there since 1979 – and then you were to look at the Persian Gulf and add up the cumulative investment of trying to add stability to the region – that's the underlying cost of the current energy economy in America. So it's important to think about what the current energy economy costs us and what would a dramatically different future energy economy cost us.

Think of the exciting possibilities....more wind projects, solar projects, coal to liquids, biomass, biofuels (cellulosic ethanol), and things we haven't even thought of yet.

HOUSE JOURNAL
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 16, 2007

These are just some of the major building blocks of creating a national security environment where our balance of payments is dramatically better because the energy money is staying here at home, and the ability of any foreign government, whether it's a dictator in Venezuela or a dictator in Iran, to, in any way, threaten the U.S. and the world economy in energy terms is substantially reduced. So I want to start by saying, in my mind, there are decisions you in Helena and us in Washington are going to have to make soon because these decisions will bring together national security, the environment, the future economic health of the U.S., the quality of life in rural America and incomes for our farmers and ranchers.

Today, I want to address one of those building blocks – Clean Coal.

Last June, I asked the Department of Energy to assign an expert to my office to figure out why Montana has the largest recoverable coal reserves in America, and only ranks 6th in production...

Why Wyoming has 10 times the production we do....

Why 7 states competed to be the site for FutureGen, the world's first coal-fueled zero emissions electricity and hydrogen power plant. Through the use of advanced coal gasification technologies and carbon sequestration, FutureGen offers the opportunity to use our plentiful American coal resources to meet our growing energy needs, while protecting the health of our people and our environment – and Montana didn't even submit a proposal.

The person lent to my office turned out to be an exceptionally qualified gentleman by the name of Bob Wright, an engineer and PhD with over 40 years of experience in energy technologies and electrical power generation, both fossil fuels and nuclear. In prior assignments, he was responsible for providing support to decision makers for programs and policy addressing global climate change, hydrogen production and geologic carbon sequestration.

In his final report to me, Bob did not mince words. – Prior initiatives to provide incentives for the production and use of coal in Montana have failed. The establishment of state incentives, both financial and non-financial, is absolutely critical because incentives by the federal government are applicable in all states – for Montana to move beyond rhetoric and actually do something, it must compete with other states for the one or two commercial plants that we know will be built somewhere in America in the next 10 years.

What other states offer incentives for coal gasification? – Illinois, Indiana, Minnesota, Ohio, Pennsylvania, Texas, and Wyoming.

So I asked Bob to study these states – and come up with ideas for me in Congress, and you in Montana. Big ideas....

I sometimes jokingly say – creativity is great, but plagiarism is a whole lot faster. Let's take their ideas.... And do it bigger and better.

In these 7 states...grants are used to conduct studies, perform research and provide educational opportunities in specific disciplines.

Why not award merit-based competitive grants for specific studies and research projects addressing the production and use of coal within Montana. Limit these awards to a maximum of \$2.5 million with a performance period not to exceed (3) years.

Or -- award grants to schools of secondary education up to \$25,000 per school per year, for either a curriculum or program in energy that must include a balance among conservation, renewable energy, coal, natural gas, petroleum and, yes, even nuclear energy.

How about establishing, at the university level, programs that lead to a bachelor's degree in the production and use

HOUSE JOURNAL
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 16, 2007

of coal and clean coal technologies?

Another approach to financial incentives for some states is to offer tax credits. These credits are available for all new coal technology and coal-to-liquids facilities and would be offered per ton of coal used. They would expire after a specific number of total tons have been consumed or after a set number of years have passed.

The highest level of commitment to coal would be for Montana to establish a coal and economic development office. Several states have done so. For example, in the state of Ohio, the Ohio Development Office co-funds development and implementation of technologies that can use their state's high-sulfur coal in an economical, environmentally sound manner. Illinois and Wyoming have done the same.

These are just some of the many, many recommendations Dr. Wright spent 8 months researching for me. I have brought along with me today a copy of his report for each of you.

What, you might ask, am I doing to help?

As you know, I am a member of the House Appropriations Committee.

Last month, the Congress passed, and the President signed, a \$1.2 billion appropriation for the Department of Energy's Energy Efficiency and Renewable Energy Programs. These programs fund weatherization, efficiency deployment, industrial technologies, equipment standards and analysis, and distributed energy – which all play a key role in the research, development, and deployment of new energy efficiency technologies.

I'm a cosponsor of 25 x 25 which means that by the year 2025, America's agricultural, forestry, and working lands will provide 25% of the total energy consumed in the U.S. from renewable sources. Nearly 400 agricultural, environmental and industry groups have endorsed the legislation.

Along with Nick Rahall, Democrat Chairman of the Natural Resources Committee, I have introduced the Coal-to-Liquid Fuel Promotion Act of 2007. This legislation addresses DOE loan guarantees for the first 10 large-scale plants, and expands federal tax incentives for investment and production (including the infrastructure needed to sequester carbon) capped at \$200 million a plant.

And next week, I am introducing legislation to streamline the permitting process for new coal-to-liquids facilities. My bill is intended to create a cooperative approach between federal, state, and tribal government in order to develop and approve permits in a timely manner, and create deadlines for permit approval.

The President laid down the challenge in last year's State of the Union Address: Make America more energy independent....

He said, "To change how we power our homes and offices, we will invest more in zero-emission coal-fired plants, revolutionary solar winds and technologies, and clean, safe nuclear energy."

Let's make this our Montana mission; our vision for the future:

To modernize our infrastructure so that we can deliver energy more efficiently and inexpensively, and open the door to new sources of fuel...

Pursue hydrogen and other alternative sources that offer breakthrough advances in energy production....

And explore all new possibilities right here at home so that we, Montana, can become the energy laboratory of the future.

HOUSE JOURNAL
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 16, 2007

For in the end, it will be the 300 million Americans who will benefit the most. If we can put a man on the moon and return him safely, we can address and solve the energy challenges facing America today. It is a challenge worthy of our best minds and most determined efforts. And it's a challenge I'm confident we will meet... and beat.

Thank you all for your kind attention. Good day, and God bless you all.

"77-1-613. Deduction of portion of income received from Administrative costs associated with sale of timber from state trust lands -- creation of account. (1) There is an account in the state special revenue fund called the state timber sale account. Money in the account may be appropriated by the legislature for use by the department in the manner set out in this section to enhance the revenue creditable to the trusts. There must be placed in the account an amount from timber sales on state lands each fiscal year equal to the amount appropriated from the account for the corresponding fiscal year. The department may use funds appropriated from the trust land administration account, provided for in 77-1-108, for timber sale preparation, timber sale documentation, and contract harvesting costs as provided in [section 6 of Senate Bill No. 25].

(2) Timber sale program funds deducted under subsection (1) must be directly applied to timber sale preparation and documentation.

(3)(2) In order to increase the volume of timber sold at the earliest possible time while continuing to meet the requirements of applicable state and federal laws and in order to avoid unnecessary delays and extra costs that would result from increasing its permanent staff, the department may contract for services that will enable achievement of the purposes of this section and that will achieve the highest net return to the trusts.

(1) An account, called the contract harvesting account, must be created as a subaccount of the trust land administration account established in 77-1-108, in which to deposit gross revenue and for the payment of expenditures associated with contract harvesting sales. All proceeds of the sale of forest products from a contract harvesting sale must be deposited into this account and must be retained in the account to be used to pay for all contract harvesting costs, as provided in subsection (2).

(2) Expenditures may be credited against the account for contract harvesting costs. Personnel services costs for state employees may not be credited against the account.

(3) An amount equal to the contract harvesting costs must be retained in the account and must be deducted from the gross proceeds to determine the net proceeds. The net proceeds from the sale of the forest products must be distributed to the appropriate trust.

"75-1-205. Collection and use of fees and costs. (1) A person who applies to a state agency for a permit, license, or other authorization that the agency determines requires preparation of an environmental impact statement is responsible for paying:

(a) the agency's costs of preparing the environmental impact statement and conducting the environmental impact statement process if the agency makes a written determination, based on material evidence identified in the determination, that there will be a significant environmental impact or a potential for a significant environmental impact; ~~or. If a customer fiscal impact analysis is required under [section 1], the applicant shall also pay the staff and consultant costs incurred by the office of consumer counsel in preparing the analysis.~~

(b) a fee as provided in 75-1-202 if the agency does not make the determination provided for in subsection (1)(a).

(2) Costs payable under subsection (1) include:

(a) the costs of generating, gathering, and compiling data and information that is not available from the applicant to prepare the draft environmental impact statement, any supplemental draft environmental impact statement, and the final environmental impact statement;

(b) the costs of writing, reviewing, editing, printing, and distributing a reasonable number of copies of the draft environmental impact statement;

(c) the costs of attending meetings and hearings on the environmental impact statement, including meetings and hearings held to determine the scope of the environmental impact statement; and

(d) the costs of preparing, printing, and distributing a reasonable number of copies of any supplemental draft environmental impact statement and the final environmental impact statement, including the cost of reviewing and preparing responses to public comment.

(3) Costs payable under subsection (1) include:

(a) payments to contractors hired to work on the environmental impact statement;

(b) salaries and expenses of an agency employee who is designated as the agency's coordinator for preparation of the environmental impact statement for time spent performing the activities described in subsection (2) or for managing those activities; and

(c) travel and per diem expenses for other agency personnel for attendance at meetings and hearings on the environmental impact statement.

(4) (a) Whenever the agency makes the determination in subsection (1)(a), it shall notify the applicant of the cost of conducting the process to determine the scope of the environmental impact statement. The applicant shall pay that cost, and the agency shall then conduct the scoping process. The timeframe in 75-1-208(4)(a)(i) and any statutory timeframe for a decision on the application are tolled until the applicant pays the cost of the scoping process.

(b) If the agency decides to hire a third-party contractor to prepare the environmental impact statement, the agency shall prepare a list of no fewer than four contractors acceptable to the agency and shall provide the applicant with a copy of the list. If fewer than four acceptable contractors are available, the agency shall include all acceptable contractors on the list. The applicant shall provide the agency with a list of at least 50% of the contractors from the agency's list. The agency shall select its contractor from the list provided by the applicant.

(c) Upon completion of the scoping process and subject to subsection (1)(d), the agency and the applicant shall negotiate an agreement for the preparation of the environmental impact statement. The agreement must provide that:

(i) the applicant shall pay the cost of the environmental impact statement as determined by the agency after consultation with the applicant. In determining the cost, the agency shall identify and consult with the applicant

HOUSE JOURNAL

regarding the data and information that must be gathered and studies that must be conducted.

(ii) the agency shall prepare the environmental impact statement within a reasonable time determined by the agency after consultation with the applicant and set out in the agreement. This timeframe supersedes any timeframe in statute or rule. If the applicant and the agency cannot agree on a timeframe, the agency shall prepare the environmental impact statement within any timeframe provided by statute or rule.

(iii) the applicant shall make periodic advance payments to cover work to be performed;

(iv) the agency may order work on the environmental impact statement to stop if the applicant fails to make advance payment as required by the agreement. The time for preparation of the environmental impact statement is tolled for any period during which a stop-work order is in effect for failure to make advance payment.

(v) (A) if the agency determines that the actual cost of preparing the environmental impact statement will exceed the cost set out in the agreement or that more time is necessary to prepare the environmental impact statement, the agency shall submit proposed modifications to the agreement to the applicant;

(B) if the applicant does not agree to an extension of the time for preparation of the environmental impact statement, the agency may initiate the informal review process under subsection (4)(d). Upon completion of the informal review process, the agreement may be amended only with the consent of the applicant.

(C) if the applicant does not agree with the increased costs proposed by the agency, the applicant may refuse to agree to the modification and may also provide the agency with a written statement providing the reason that payment of the increased cost is not justified or, if applicable, the reason that a portion of the increased cost is not justified. The applicant may also request an informal review as provided in subsection (4)(d). If the applicant provides a written statement pursuant to this subsection (4)(c)(v)(C), the agreement must be amended to require the applicant to pay all undisputed increased cost and 75% of the disputed increased cost and to provide that the agency is responsible for 25% of the disputed increased cost. If the applicant does not provide the statement, the agreement must be amended to require the applicant to pay all increased costs.

(d) If the applicant does not agree with costs determined under subsection (4)(c)(i) or proposed under subsection (4)(c)(v), the applicant may initiate the informal review process pursuant to 75-1-208(3). If the applicant does not agree to a time extension proposed by the agency under subsection (4)(c)(v), the agency may initiate an informal review by an appropriate board under 75-1-208(3). The period of time for completion of the environmental impact statement provided in the agreement is tolled from the date of submission of a request for a review by the appropriate board until the date of completion of the review by the appropriate board. However, the agency shall continue to work on preparation of the environmental impact statement during this period if the applicant has advanced money to pay for this work.

(5) All fees and costs collected under this part must be deposited in the state special revenue fund as provided in 17-2-102. All fees and costs paid pursuant to this part must be used as provided in this part. Upon completion of the necessary work, each agency shall make an accounting to the applicant of the funds expended and refund all unexpended funds without interest."

The department shall prepare a notice and publish it as provided under 85-2-307.

Except as otherwise provided in this section, a retired member may be employed part-time by a school district, state agency, or unit of the university system in a position eligible to participate in the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(a)(i) one-third of the sum of the member's average final compensation; or

HOUSE JOURNAL
SIXTY-FIFTH LEGISLATIVE DAY - MARCH 27, 2007

~~(b)(ii)~~ one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(b) For the purposes of this subsection (1), the maximum compensation that a retired member may earn under subsection (1)(a) without an adjustment of retirement benefits includes all remuneration paid to the retired member, excluding:

- (i) the amount of health insurance premiums paid by the employer on the retired member's behalf;
- (ii) the value of housing provided by the employer to the retired member;
- (iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;
- (iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and
- (v) payroll taxes paid by the employer on behalf of the retired member.

(2) On July 1 of each year following the member's retirement effective date, the maximum that a retired member may earn under subsection (1)(a) is increased by an amount equal to the consumer price index increase for urban wage earners compiled by the bureau of labor statistics of the United States department of labor or its successor agency in the preceding calendar year.

(3) Except as provided in subsection (5), the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by \$1 for each dollar earned over the maximum allowed. Monthly benefits must be reduced beginning as soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be canceled if the retired member's earnings over the maximum allowed exceed the gross monthly benefit amount.

(b) employed in a full-time position must be canceled beginning in the month in which the retired member returns to full-time employment.

(4) Upon termination and retirement subsequent to a cancellation of benefits pursuant to subsection (3), the retirement benefit of a member:

(a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option that the retired member would have been entitled to receive had the retired member not returned to employment.

(b) who was reemployed and earned at least 1 year of creditable service must be recalculated under 19-20-804 if the member has attained normal retirement age or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit is based on the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.

(5) If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.""

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to

HOUSE JOURNAL
SIXTY-FIFTH LEGISLATIVE DAY - MARCH 27, 2007

compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to \$100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds \$15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding \$15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.

(8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of \$3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of \$3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(9) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (9)(a)(iv), not to exceed \$5,000, from the taxpayer's adjusted gross income if the taxpayer:

- (i) is a health care professional licensed in Montana as provided in Title 37;
- (ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;
- (iii) has had a student loan incurred as a result of health-related education; and
- (iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (9)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (9)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional. (Subsection (2)(f) terminates on occurrence of contingency--sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency--sec. 9, Ch. 262, L. 2001.)"

The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments. The amount calculated pursuant to this subsection, as adjusted pursuant to subsection (3)(a)(i), is each local government's base entitlement share. The department shall estimate the total amount of revenue that each local government received from the following sources for the fiscal year ending June 30, 2001:

- ~~_____ (a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;~~

~~(b)(2) The total amount estimated pursuant to subsections (1) and (2)(a) received in fiscal year 2007 as an entitlement share payment under this section is the base component for the fiscal year 2008 distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (6), is each local government's base year component. The sum of all local governments' base year components is the base fiscal year entitlement share pool. For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.~~

(3) (a) The base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. By October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) Before applying the growth rate for fiscal year 2007 to determine the fiscal year 2007 entitlement share payments, the department shall subtract from the fiscal year 2006 entitlement share payments the following amounts:

(ii)(i) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection ~~(3)(a)(ii)(A)~~ (3)(a)(i)(A).

~~(iii)(ii)~~ (ii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection ~~(3)(a)(iii)(A)~~ (3)(a)(ii)(A).

(b) ~~(i)~~ The entitlement share pool growth rate for ~~the first each year of the biennium~~ must be the following percentage of the average of the growth rates calculated in subsections ~~(3)(a)(ii)(B)~~ (3)(a)(i)(B) and ~~(3)(a)(iii)(B)~~ (3)(a)(ii)(B):

~~(A)(i)~~ (i) for counties, 54% ;

~~(B)(ii)~~ (ii) for consolidated local governments, 62% ; and

~~(C)(iii)~~ (iii) for incorporated cities and towns, 70% .

(ii) The entitlement share pool growth rate for ~~the second year of the biennium~~ must be the following percentage of the average of the growth rates calculated in subsections ~~(3)(a)(ii)(A)~~ and ~~(3)(a)(iii)(A)~~ :

~~(A)~~ (A) for counties, 54% ;

~~(B)~~ (B) for consolidated local governments, 62% ; and

~~(C)~~ (C) for incorporated cities and towns, 70% .

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection ~~(6)~~ (7). ~~For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1) for which reimbursement is provided in this section.~~

(5) (a) The entitlement share pools calculated in this section, the amounts determined under [section 1(2)(b)] for local governments, and the block grants funding provided for in subsection ~~(6)~~ (7), including the amounts determined under [section 1(3)(b)], are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. ~~Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool.~~ Except for the distribution made under [section 1(2)(b)], the distributions must be made on a quarterly basis.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. ~~For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero.~~ The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base prior fiscal year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base prior fiscal year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as

determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the ~~base~~ prior fiscal year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool ~~not represented by~~ before the growth amount or adjustments are made under subsection (6) are applied is to be distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(6) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government's distribution from the entitlement share pool must be recomputed to determine each local government's ratio to be used in the subsequent year's distribution determination under subsections (5)(b)(ii)(A), (5)(b)(iii)(A), and (5)(b)(iv)(A).

~~(6)(7)~~ (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant funding. If a tax increment financing district referred to in subsection ~~(6)(b)~~ (7)(b) terminates, then the block grant funding for the district provided for in subsection ~~(6)(b)~~ (7)(b) terminates.

(b) ~~One-half~~ Except for the reimbursement made under [section 1(3)(b)], one-half of the payments provided for in this subsection ~~(6)(b)~~ (7)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection ~~(6)(a)~~ (7)(a), the entitlement share for tax increment financing districts is as follows:

~~(7)(8)~~ (8) The estimated ~~base~~ fiscal year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from tax increment financing districts, from countywide transportation block grants, or from countywide retirement block grants.

(8) (a) ~~If revenue that is included in the sources listed in subsections (1)(b) through (1)(o) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.~~

~~(b) For the purposes of subsection (8)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.~~

(9) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share.

When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base ~~year~~ component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

(i) the revenue received by each district in fiscal year 2001 from vehicle taxes and fees, corporate license taxes paid by financial institutions, aeronautics fees, state land payments in lieu of taxes, and property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999; and

(ii) any reimbursement to be made to a school district pursuant to subsection (2).

(b) Block grants must be calculated using the electronic reporting system that is used by the office of public instruction and school districts. The electronic reporting system must be used to allocate the block grant amount into each district's budget as an anticipated revenue source by fund.

~~(c) With the exception of vehicle taxes and fees, the office of public instruction shall use the amount actually received from the sources listed in subsection (1)(a) in fiscal year 2001 in its calculation of the block grant for fiscal year 2002 budgeting purposes. The total of reimbursement distributions made pursuant to this subsection in a fiscal year must be added to all other distributions to the school district in the fiscal year to determine the distribution for the subsequent fiscal year. (4) (a) The block grant for the district general fund is equal to the average amount received in fiscal years 2002 and 2003 by the district general fund from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year 2004 and in each succeeding fiscal year.

(b) The block grant for the district transportation fund is equal to one-half of the average amount received in fiscal years 2002 and 2003 by the district transportation fund from the block grants provided for in subsection (1). The block grant must be increased by 0.76% in fiscal year 2004 and in each succeeding fiscal year.

"20-5-320. Attendance with discretionary approval. (1) A child may be enrolled in and attend a school in a Montana school district that is outside of the child's district of residence or a public school in a district of another state or province that is adjacent to the county of the child's residence, subject to discretionary approval by the trustees of the resident district and the district of choice. If the trustees grant discretionary approval of the child's attendance in a school of the district, the parent or guardian may be charged tuition and may be charged for transportation.

(2) (a) Whenever a parent or guardian of a child wishes to have the child attend a school under the provisions of this section, the parent or guardian shall apply to the trustees of the district where the child wishes to attend. The application must be made on an out-of-district attendance agreement form supplied by the district and developed by the superintendent of public instruction.

(b) The attendance agreement must set forth the financial obligations, if any, for tuition and for costs incurred for transporting the child under Title 20, chapter 10.

(c) (i) The trustees of the district of choice may waive any or all of the tuition rate. The trustees of the district of choice may waive the tuition for all students whose tuition is required to be paid by one type of entity and may charge tuition for all students whose tuition is required to be paid by another type of entity. However, any waiver of tuition must be applied equally to all students whose tuition is paid by the same type of entity.

(ii) As used in this subsection (2)(c), "entity" means a parent or guardian or the trustees of the district of residence.

(3) An out-of-district attendance agreement approved under this section requires that the parent or guardian initiate the request for an out-of-district attendance agreement and that the trustees of both the district of residence and the district of choice approve the agreement.

(4) If the trustees of the district of choice waive tuition, approval of the resident district trustees is not required.

(5) The trustees of a school district may approve or disapprove the out-of-district attendance agreement consistent with this part and the policy adopted by the local board of trustees for out-of-district attendance agreements.

(6) The approval of an out-of-district attendance agreement by the applicable approval agents or as the result of an appeal must authorize the child named in the agreement to enroll in and attend the school named in the agreement for the designated school year.

(7) The trustees of the district where the child wishes to attend have the discretion to approve any attendance agreement.

(8) This section does not preclude the trustees of a district from approving an attendance agreement for educational program offerings not provided by the resident district, such as the ~~kindergarten~~ early childhood development or grades 7 and 8 programs, if the trustees of both districts agree to the terms and conditions for attendance and any tuition and transportation requirement. For purposes of this subsection, the trustees of the resident district shall initiate the out-of-district agreement.

(9) (a) A provision of this title may not be construed to deny a parent or guardian the right to send a child, at personal expense, to any school of a district other than the resident district when the trustees of the district of choice have approved an out-of-district attendance agreement and the parent or guardian has agreed to pay the tuition as prescribed by 20-5-323. However, under this subsection (9), the tuition rate must be reduced by the amount that the parent or guardian of the child paid in district property taxes during the immediately preceding school fiscal year for the benefit and support of the district in which the child will attend school.

(b) For the purposes of this section, "parent or guardian" includes an individual shareholder of a domestic corporation as defined in 35-1-113 whose shares are 95% held by related family members to the sixth degree of consanguinity or by marriage to the sixth degree of affinity.

(c) The tax amount to be credited to reduce any tuition charge to a parent or guardian under subsection (9)(a) is determined in the following manner:

(i) determine the percentage of the total shares of the corporation held by the shareholder parent or parents or guardian;

(ii) determine the portion of property taxes paid in the preceding school fiscal year by the corporation, parent, or guardian for the benefit and support of the district in which the child will attend school.

(d) The percentage of total shares as determined in subsection (9)(c)(i) is the percentage of taxes paid as determined in subsection (9)(c)(ii) that is to be credited to reduce the tuition charge.

(10) As used in 20-5-320 through 20-5-324, the term "guardian" means the guardian of a minor as provided in Title 72, chapter 5, part 2."

Insert: "COORDINATION SECTION. Section 2. Coordination instruction. If Senate Bill No. 47 is passed and approved and if it includes a section that amends 2-4-302, then [section 1 of this act], amending 2-4-302, is void and 2-4-302 is amended to read as follows:

"2-4-302. Notice, hearing, and submission of views. (1)(a) Prior to the adoption, amendment, or repeal of any rule, the agency shall give written notice of its ~~intended~~ proposed action. The proposal notice must include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, the reasonable necessity for the ~~intended~~ proposed action, and the time when, place where, and manner in which interested persons may present their views on the ~~intended~~ proposed action. The reasonable necessity must be written in plain, easily understood language.

(b) The agency shall state in the proposal notice the date on which and the manner in which notification was given to the primary sponsor as required in subsection (2)(d). If the notification to the primary sponsor was given by mail, the date stated in the proposal notice must be the date on which the notification was mailed by the agency. If the proposal notice fails to state the date on which and the manner in which the primary sponsor was notified, the filing of the proposal notice under subsection (2)(a) is ineffective for the purposes of this part and for the purposes of the law that the agency cites in the proposal notice as the authority for the proposed action.

(c) If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

(a)(i) the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

(b)(ii) the number of persons affected.

(2) (a) The proposal notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312, and mailed within. Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection if it includes in the proposal notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(c) The proposal notice required by ~~subsections~~ subsection (1) and (2)(a) must be published and mailed at least 30 days in advance of the agency's ~~intended~~ proposed action. In addition to publishing and mailing the notice under subsection (2)(a), the The agency shall post the proposal notice on a state electronic access system or other electronic communications system available to the public.

If the legislation affected more than one program, notice must be given to the sponsor pursuant to this subsection (2)(d) each time that a rule is being proposed to initially implement the legislation for a program.

(ii) Within 3 days after a proposal notice covered under subsection (2)(d)(i) has been published as required

in subsection (2)(a), a copy of the published notice must be sent to the primary sponsor notified under subsection (2)(d)(i).

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(8) For purposes of notifying primary sponsors under subsections (2)(a) and (2)(d) who are no longer members of the legislature, a former legislator who wishes to receive notice may keep the former legislator's name, address, and telephone number on file with the secretary of state. An agency proposing rules shall consult the register when providing sponsor notice."

"76-3-504. Subdivision regulations -- contents. (1) The subdivision regulations adopted under this chapter must, at a minimum:

(a) list the materials that must be included in a subdivision application in order for the application to be determined to contain the required elements for the purposes of the review required in 76-3-604(1);

HOUSE JOURNAL
SIXTY-SEVENTH LEGISLATIVE DAY - MARCH 29, 2007

(b) except as provided in 76-3-210, 76-3-509, or 76-3-609, require the subdivider to submit to the governing body an environmental assessment as prescribed in 76-3-603;

(c) establish procedures consistent with this chapter for the submission and review of subdivision applications and amended applications;

(d) prescribe the form and contents of preliminary plats and the documents to accompany final plats;

(e) provide for the identification of areas that, because of natural or human-caused hazards, are unsuitable for subdivision development. ~~and The regulations must prohibit subdivisions in these areas unless the hazards can be eliminated or overcome by approved construction techniques; or other mitigation measures authorized under 76-3-608(4) and (5). Approved construction techniques or other mitigation measures may not include building regulations as defined in 50-60-101 other than those identified by the department of labor and industry as provided in [section 5].~~

(f) prohibit subdivisions for building purposes in areas located within the floodway of a flood of 100-year frequency, as defined by Title 76, chapter 5, or determined to be subject to flooding by the governing body;

(g) prescribe standards for:

(i) the design and arrangement of lots, streets, and roads;

(ii) grading and drainage;

(iii) subject to the provisions of 76-3-511, water supply and sewage and solid waste disposal that meet the:

(A) regulations adopted by the department of environmental quality under 76-4-104 for subdivisions that will create one or more parcels containing less than 20 acres; and

(B) standards provided in 76-3-604 and 76-3-622 for subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres; and

(iv) the location and installation of public utilities;

(h) provide procedures for the administration of the park and open-space requirements of this chapter;

(i) provide for the review of subdivision applications by affected public utilities and those agencies of local, state, and federal government identified during the preapplication consultation conducted pursuant to subsection (1)(q) or those having a substantial interest in a proposed subdivision. A public utility or agency review may not delay the governing body's action on the application beyond the time limits specified in this chapter, and the failure of any agency to complete a review of an application may not be a basis for rejection of the application by the governing body.

(j) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(i) reserve all or a portion of the appropriation water rights owned by the owner of the land to be subdivided and transfer the water rights to a single entity for use by landowners within the subdivision who have a legal right to the water and reserve and sever any remaining surface water rights from the land;

(ii) if the land to be subdivided is subject to a contract or interest in a public or private entity formed to provide the use of a water right on the subdivision lots, establish a landowner's water use agreement administered through a single entity that specifies administration and the rights and responsibilities of landowners within the subdivision who have a legal right and access to the water; or

(iii) reserve and sever all surface water rights from the land;

(k) (i) except as provided in subsection (1)(k)(ii), require the subdivider to establish ditch easements in the subdivision that:

(A) are in locations of appropriate topographic characteristics and sufficient width to allow the physical placement and unobstructed maintenance of open ditches or belowground pipelines for the delivery of water for irrigation to persons and lands legally entitled to the water under an appropriated water right or permit of an irrigation district or other private or public entity formed to provide for the use of the water right on the subdivision lots;

(B) are a sufficient distance from the centerline of the ditch to allow for construction, repair, maintenance, and inspection of the ditch; and

(C) prohibit the placement of structures or the planting of vegetation other than grass within the ditch easement without the written permission of the ditch owner.

(ii) Establishment of easements pursuant to this subsection (1)(k) is not required if:

(A) the average lot size is 1 acre or less and the subdivider provides for disclosure, in a manner acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable; or

HOUSE JOURNAL
SIXTY-SEVENTH LEGISLATIVE DAY - MARCH 29, 2007

(B) the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

(l) require the subdivider, unless otherwise provided for under separate written agreement or filed easement, to file and record ditch easements for unobstructed use and maintenance of existing water delivery ditches, pipelines, and facilities in the subdivision that are necessary to convey water through the subdivision to lands adjacent to or beyond the subdivision boundaries in quantities and in a manner that are consistent with historic and legal rights;

(m) require the subdivider to describe, dimension, and show public utility easements in the subdivision on the final plat in their true and correct location. The public utility easements must be of sufficient width to allow the physical placement and unobstructed maintenance of public utility facilities for the provision of public utility services within the subdivision.

(n) establish whether the governing body, its authorized agent or agency, or both will hold public hearings;

(o) establish procedures describing how the governing body or its agent or agency will address information presented at the hearing or hearings held pursuant to 76-3-605 and 76-3-615;

(p) establish criteria that the governing body or reviewing authority will use to determine whether a proposed method of disposition using the exemptions provided in 76-3-201 or 76-3-207 is an attempt to evade the requirements of this chapter. The regulations must provide for an appeals process to the governing body if the reviewing authority is not the governing body.

(q) establish a preapplication process that:

(i) allows a subdivider to meet with the agent or agency, other than the governing body, that is designated by the governing body to review subdivision applications prior to the subdivider submitting the application;

(ii) requires, for informational purposes only, identification of the state laws, local regulations, and growth policy provisions, if a growth policy has been adopted, that may apply to the subdivision review process;

(iii) requires a list to be made available to the subdivider of the public utilities, those agencies of local, state, and federal government, and any other entities that may be contacted for comment on the subdivision application and the timeframes that the public utilities, agencies, and other entities are given to respond. If, during the review of the application, the agent or agency designated by the governing body contacts a public utility, agency, or other entity that was not included on the list originally made available to the subdivider, the agent or agency shall notify the subdivider of the contact and the timeframe for response.

(iv) requires that a preapplication meeting take place no more than 30 days from the date that the agent or agency receives a written request for a preapplication meeting from the subdivider; and

(v) establishes a time limit after a preapplication meeting by which an application must be submitted as provided in 76-3-604.

(2) In order to accomplish the purposes described in 76-3-501, the subdivision regulations adopted under 76-3-509 and this section may include provisions that are consistent with this section that promote cluster development.

(3) The governing body may establish deadlines for submittal of subdivision applications."

MESSAGES FROM THE GOVERNOR

March 29, 2007

HOUSE JOURNAL
SIXTY-EIGHTH LEGISLATIVE DAY - MARCH 30, 2007

The Honorable Scott Sales
Speaker of the House
State Capitol
Helena, MT 59620

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 357, "AN ACT REVISING LAWS PERTAINING TO BLIND VENDORS; PROVIDING FOR THE PLACEMENT OF VENDING MACHINES ON STATE HIGHWAYS BY BLIND VENDORS; AND AMENDING SECTION 60-5-110, MCA." My proposed amendment adds an immediate effective date to the bill, and is attached to this letter.

House Bill 357 authorizes the Montana Department of Transportation to contract with blind vendors, under the state's certification program, to install vending machines on highway right-of-ways. My proposed amendment would make this law effective on passage and approval so that the Department of Transportation can begin immediate contract negotiations with the blind vendors. With this amendment, the blind vendors will be able to reap the benefit of this law this coming summer, when the volume of traffic on our state highways will be at its usual high levels.

I have discussed my proposed amendment with the sponsor of the bill, Representative Cohenour, who has expressed her support.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

Insert: "NEW SECTION. Section 1. Legislative finding and purpose -- definitions. (1) The legislature recognizes that the right of parents to the custody and control of their children is based upon the liberties secured by the United States and Montana constitutions and that a parent's right to that custody and control is therefore normally supreme to the interests of other persons. The legislature also recognizes a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of a child to a grandparent or other caretaker relative for a lengthy period of time. The legislature finds that a caretaker relative frequently offers a child a loving, stable, and secure environment in which to live, make friends, and attend school, which is an environment not provided by a parent who temporarily abandons a child. However, a child is deprived of that caring and safe environment when a parent returns to claim the child with little or no notice to the caretaker relative. This situation, which in some instances has occurred multiple times with the same child, is disruptive to the more stable life offered by the caretaker relative and may violate the child's rights ensured by Article II, section 15, of the Montana constitution, such as the right under Article II, section 3, of the Montana constitution of seeking safety, health, and happiness. For these reasons, it is the purpose of the legislature in enacting [section 2] and this section to exercise its police

HOUSE JOURNAL
SIXTY-EIGHTH LEGISLATIVE DAY - MARCH 30, 2007

powers for the health and welfare of children who have been abandoned by their parents to the care of relatives and to create a procedure, applicable in limited situations caused by the voluntary surrender of a child by a parent, under circumstances indicating abandonment, whereby a child in the care of a relative may remain with that relative while the issue of abandonment by the parent is reviewed and determined by a court of law. The legislature believes that this temporary infringement on the right of a parent to the custody and control of a minor child is justified by the possibility of abandonment by the parent, because the welfare of the child is at stake, and because of the likely violation of the child's rights ensured by Article II, section 15, of the Montana constitution.

(2) As used in [section 2] and this section, the following definitions apply:

(a) "Caretaker relative" or "relative" means an individual related to a child by blood, marriage, or adoption by another individual, who has care and custody of a child but who is not a parent, foster parent, stepparent, or legal guardian of the child.

(b) "Parent" means a biological or adoptive parent or other legal guardian of a child."

Insert: "NEW SECTION. **Section 1. Purpose -- legislative intent -- parental rights -- definitions.** (1) The legislature recognizes that the rights of parents to the custody and control of a child are based upon liberties secured by the United States and Montana constitutions and that a parent's rights to that custody and control of a child are therefore normally supreme to the interests of other persons. The legislature also recognizes a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of their children to a grandparent or other relative for lengthy periods of time. Regardless of the purpose of the absence, a child willfully surrendered to a relative for an extended time period still has the same needs as a child in the care of its parents. In this situation, a caretaker relative assumes responsibilities for the child but has no legal right of control over the child, a situation that interferes in the caretaker relative's ability to perform routine functions of child rearing, including tending to the educational and educationally related medical needs of the child. It is therefore the purpose of the legislature in these instances to protect the rights of a child granted by Article II, section 15, of the Montana constitution by granting a caretaker relative limited authority for a child left in the relative's care.

(2) It is the intent of the legislature that a caretaker relative given the responsibility of caring for a child with little or no warning and without any other provision having been made for the child's care, such as the appointment of a guardian or the provision of a power of attorney, be granted authority to enroll the child in school, discuss with the school district the child's educational progress, and consent to an educational service and to medical care for the

HOUSE JOURNAL

child related to an educational service without superseding any parental rights regarding the child.

(3) [Sections 2 and 3] and this section are not intended to affect the rights and responsibilities of a parent, legal guardian, or other custodian regarding the child, do not grant legal custody of the child to the caretaker relative, and do not grant authority to the caretaker relative to consent to the marriage or adoption of the child or to receive notice of a medical procedure, including abortion, not consented to by the relative, if notice is required by law, for the child except as expressly provided in this section.

(4) For the purposes of [sections 2 and 3] and this section, the following definitions apply:

(a) "Caretaker relative" or "relative" means an individual related by blood, marriage, or adoption by another individual to the child whose care is undertaken by the relative, but who is not a parent, foster parent, stepparent, or legal guardian of the child.

(b) "Caretaker relative educational authorization affidavit" or "affidavit" means an affidavit completed in compliance with [section 3].

(c) "Health care provider" means a person who provides medical care.

(d) "Medical care" means care, by a health care provider for which parental consent is normally required, for the prevention, diagnosis, or treatment of a mental, physical, or dental injury or disease.

(e) "Parent" means a biological parent, adoptive parent, or other legal guardian of the child whose parental rights have not been terminated."

"20-5-321. Attendance with mandatory approval -- tuition and transportation. (1) An out-of-district attendance agreement that allows a child to enroll in and attend a school in a Montana school district that is outside of the child's district of residence or in a public school district of a state or province that is adjacent to the county of the child's residence is mandatory whenever:

(a) the child resides closer to the school that the child wishes to attend and more than 3 miles from the school the child would attend in the resident district and the resident district does not provide transportation; or

(b) (i) the child resides in a location where, because of geographic conditions between the child's home and the school that the child would attend within the district of residence, it is impractical to attend school in the district of residence, as determined by the county transportation committee based on the following criteria:

(A) the length of time that is in excess of the 1-hour limit for each bus trip for an elementary child as authorized under 20-10-121;

(B) whether distance traveled is greater than 40 miles one way from the child's home to school on a dirt road or greater than a total of 60 miles one way from the child's home to school in the district of residence over the shortest passable route; or

(C) whether the condition of the road or existence of a geographic barrier, such as a river or mountain pass, causes a hazard that prohibits safe travel between the home and school.

(ii) The decision of the county transportation committee is subject to appeal to the superintendent of public instruction, as provided in 20-3-107, but the decision must be considered as final for the purpose of the payment of tuition under 20-5-324(5)(a)(ii) until a decision is issued by the superintendent of public instruction. The superintendent of public instruction may review and rule upon a decision of the county transportation committee without an appeal being filed.

(c) the child is a member of a family that is required to send another child outside of the elementary district to attend high school and the child of elementary age may more conveniently attend an elementary school where the high school is located, provided that the child resides more than 3 miles from an elementary school in the resident district or that the parent is required to move to the elementary district where the high school is located to enroll another child in high school. A child enrolled in an elementary school pursuant to this subsection (1)(c) may continue to attend the elementary school after the other child has left the high school.

(d) the child is under the protective care of a state agency or has been adjudicated to be a youth in need of intervention or a delinquent youth, as defined in 41-5-103; ~~or~~

(e) the child is required to attend school outside of the district of residence as the result of a placement in foster care or a group home licensed by the state; or

(f) the child is residing with a caretaker relative who wants to enroll the child pursuant to [section 2].

(2) (a) Whenever a parent or guardian of a child, an agency of the state, or a court wishes to have a child attend a school under the provisions of this section, the parent or guardian, agency, or court shall complete an out-of-district attendance agreement in consultation with an appropriate official of the district that the child will attend.

(b) The attendance agreement must set forth the financial obligations, if any, for costs incurred for tuition and transportation as provided in 20-5-323 and Title 20, chapter 10.

(c) (i) The trustees of the district of choice may waive any or all of the tuition rate. The trustees of the district of choice may waive the tuition for all students whose tuition is required to be paid by one type of entity and may charge tuition for all students whose tuition is required to be paid by another type of entity. However, any waiver of tuition must be applied equally to all students whose tuition is paid by the same type of entity.

(ii) As used in this subsection (2)(c), "entity" means a parent, a guardian, the trustees of the district of residence, or a state agency.

(3) Except as provided in subsection (4), the trustees of the resident district and the trustees of the district of attendance shall approve the out-of-district attendance agreement. The trustees of the district of attendance shall:

(a) notify the county superintendent of schools of the county of the child's residence of the approval of the agreement within 10 days; and

(b) submit the agreement for a student attending under the provisions of subsection (1)(d) or (1)(e) to the superintendent of public instruction for approval for payment under 20-5-324.

HOUSE JOURNAL
SEVENTY-SECOND LEGISLATIVE DAY - APRIL 4, 2007

(4) Unless the child is a child with a disability who resides in the district, the trustees of the district where the school to be attended is located may disapprove an out-of-district attendance agreement whenever they find that, because of insufficient room and overcrowding, the accreditation of the school would be adversely affected by the acceptance of the child.""

The Honorable Scott Sales
Speaker of the House

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill (HB) 469, "AN ACT CLARIFYING THAT PROPERTY OWNED BY COMMERCIAL

HOUSE JOURNAL
SEVENTY-FOURTH LEGISLATIVE DAY - APRIL 9, 2007

MOBILE RADIO SERVICE PROVIDERS IS TAXED AS CLASS FOUR COMMERCIAL PROPERTY AND CLASS EIGHT PERSONAL PROPERTY; CLARIFYING THAT PROPERTY OWNED BY COMMERCIAL MOBILE RADIO SERVICE PROVIDERS MAY NOT BE CENTRALLY ASSESSED FOR PROPERTY TAX PURPOSES; AMENDING SECTIONS 15-1-402, 15-6-138, 15-6-156, AND 15-23-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE."

HB 469 purports to "clarify" existing Montana law regarding, first, the property tax classification of wireless phone company property and, second, the method of assessment of this wireless property. HB 469 does not, as its title suggests, "clarify" existing Montana law. Rather, under the guise of "clarifying" existing law, HB 469 would actually *reverse* existing law and codify the improper practices of past Administrations, which failed to correctly implement Montana's tax codes as enacted by the Legislature.

Specifically, HB 469 claims to "clarify" existing Montana law by exempting wireless phone company property from the current statute defining property that is centrally assessed. See section 4 of the bill, amending Mont. Code Ann. § 15-23-101. Contrary to its title, HB 469 does not "clarify" the valuation method to be used for assessing wireless phone company property. Rather, HB 469 carves out an exception to the current law, specifically and expressly for wireless phone company property (as defined in the bill, "property owned by commercial mobile radio service providers").

Likewise, with regard to the property tax classification of wireless property, rather than "clarifying" current law, HB 469 would amend the current legislative classification of "centrally assessed telecommunications service companies" as class thirteen property to carve out an exception specifically and expressly for wireless phone company property. See section 3 of the bill, amending Mont. Code Ann. § 15-6-156.

The title to HB 469 represents the bill as "clarifying" current law regarding taxation of property owned by commercial mobile radio service providers. However, current law already speaks clearly for itself. Indeed, the Department of Revenue's legal conclusion was confirmed by your own Legislative Auditor, who advised both the Legislature and the department that Montana statutes require the central assessment of wireless phone company property.

Rather than "clarifying" current law, HB 469 ratifies the unlawful practice of prior Administrations, which failed to properly implement the tax laws enacted by the Legislature. As concluded by the Legislative Auditor, it was a mistake for past Administrations to grant millions of dollars of tax breaks to wireless telephone companies, contrary to Montana statutes and at the expense of homeowners, farmers, ranchers, and other businesses. HB 469 ratifies the past unlawful practice and rewards past mistakes. However, let me be clear. HB 469 does not "clarify" current law. HB 469 changes it.

As a final addendum, I unfortunately must also let you know that this past practice has created financial risks for local governments and schools. It is likely no coincidence that on the day after HB 469 was transmitted to my office, Montana's largest telecommunications company filed a constitutional complaint to the tax methods endorsed by this bill. That challenge is based on a claim of discrimination due to the more favorable treatment of wireless phone company property as compared to traditional landline telephone property under the practice adopted by past Administrations. HB 469 thus attempts to engrave into Montana statutes what has been alleged as a constitutional discrimination claim in a formal legal proceeding.

Montana needs to value and tax comparable property equally. HB 469 is bad policy, bad precedent, and both legally and financially risky to Montana taxpayers. The bill title, itself, is at best misleading. For these multiple reasons, I veto HB 469.

Sincerely,

The Honorable Scott Sales
Speaker of the House

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments Senate Bill 168, "AN ACT REVISING THE MANDATORY CASH PAYMENT FOR VACATION LEAVE UPON TERMINATION; CLARIFYING THE USE OF VACATION LEAVE PAYMENTS UPON TERMINATION AS PERMISSIBLE CONTRIBUTIONS FOR A VOLUNTARY EMPLOYEES' BENEFICIARY ASSOCIATION; AMENDING SECTIONS 2-18-601, 2-18-617, AND 2-18-1311, MCA; AND PROVIDING AN EFFECTIVE DATE. My proposed amendment clarifies that for an employee who is a member of a Voluntary Employee's Benefit Association (VEBA) if unused annual leave is a contribution source for their account, upon separation from service the annual leave may only be donated to their account and not paid out in cash.

Senate Bill 168 authorizes the addition of annual leave to a VEBA account. My proposed amendment clarifies that an employee may not receive a cash out of their annual leave and a contribution to their VEBA account upon termination. If an employee is not a member of a VEBA, they will still receive a cash out of their unused leave.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 259, "AN ACT DEFINING TERMS; RESTRICTING THE USE AND LOCATION OF GRAY WATER REUSE SYSTEMS; DIRECTING THE BOARD OF ENVIRONMENTAL REVIEW TO CREATE RULES REGULATING RESIDENTIAL GRAY WATER REUSE SYSTEMS; AMENDING SECTION 75-5-305, MCA; AND PROVIDING AN APPLICABILITY CLAUSE."

House Bill 259 creates a regulatory system for wastewater treatment of "gray water," which is reusable, separate from other wastewaters. As drafted, the definitions in section 1 of the bill do not apply to section 3 of the bill, even though the terms defined in section 1 are used in section 3. My proposed amendment, a copy of which is attached, simply clarifies what appears to have been an oversight in drafting.

I have discussed my proposed amendment with the sponsor of the bill, Representative Reinhart, who has expressed her support.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

MESSAGES FROM THE GOVERNOR

April 11, 2007

The Honorable Scott Sales
Speaker of the House
State Capitol
Helena, MT 59620

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 426, "AN ACT REMOVING THE \$500,000 LIMIT ON A COUNTY'S ROAD AND BRIDGE CAPITAL IMPROVEMENT FUND; AMENDING SECTION 7-14-2506, MCA; AND PROVIDING AN EFFECTIVE DATE."

House Bill 426 removes the current \$500,000 cap on a county's road and bridge capital improvement fund. My proposed amendment requires that before a county expend money from the road and bridge capital improvement fund, the county must determine that the public's right to access rivers and streams from county roads and bridges meets the requirements of law.

A 2000 Montana Attorney General Opinion held that the public may gain access to streams and rivers by using a

HOUSE JOURNAL

county road and its right-of-way, and that a bridge and its abutments are part of the public highway and subject to the same public easement of passage as the highway to which the bridge is attached. 48 Op. Atty. Gen. Mont. No. 13. My proposed amendment would ensure that expenditures of money from the county road and bridge capital improvement fund are spent on county roads and bridges that are in compliance with Montana law as it concerns the public's right of access to Montana's rivers and streams.

I urge your passage of HB 426 with my proposed amendments, a copy of which are attached to this letter.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

MESSAGES FROM THE GOVERNOR

April 23, 2007

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

The Honorable Scott Sales
Speaker of the House
State Capitol
Helena, MT 59620

Dear President Cooney and Speaker Sales:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments Senate Bill (SB) 27, "AN ACT CLARIFYING THE RIGHT OF A GRANDPARENT TO HAVE CONTACT WITH A GRANDCHILD IN LIGHT OF DECISIONS BY THE U.S. SUPREME COURT AND THE MONTANA SUPREME COURT; AMENDING SECTION 40-9-102, MCA; AND PROVIDING AN APPLICABILITY DATE."

SB 27 amends the current statute establishing the standards to be applied by a court when a grandparent petitions for contact with a grandchild. The genesis of the bill was a 2006 decision by the Montana Supreme Court, which set forth the steps a court must take in reviewing a petition for grandparent-grandchild contact. My proposed amendment is intended to establish a standard for use by the courts that puts greater focus on the best interests of the child when faced with these difficult questions.

My proposed amendment incorporates the language used by the Montana Supreme Court in *Polasek v. Omura*, 2006 MT 103, ¶ 15 to determine parental "fitness." In that case, the Court stated that a district court must "first inquire whether the child's parent is fit; that is, the court must determine whether the parent 'adequately cares for his or her children.'" My proposed amendment incorporates this standard for parental fitness in the context of grandparent-grandchild rights being addressed in the bill. If the parent is "fit," i.e., "adequately cares for his or her child," a grandparent must overcome, by clear and convincing evidence, the presumption that the parent's wishes are in the best interests of the child, as required in *Polasek*.

My concern with the bill as delivered to me is that the standard for determining parental fitness was taken from parental termination proceedings, and that standard is inappropriate in these grandparent-grandchild contact cases. Most important, the standard contained in the bill delivered to me may not really be in the child's "best interests." In these difficult cases, involving disputes between family members of multiple generations, our mutual goal should

HOUSE JOURNAL

always be the “best interests of the child.”

I have discussed my proposed amendment with the sponsor of the bill, Senator Esp, and he has indicated his support. A copy of the amendment is attached to this letter for your consideration

Sincerely,

BRIAN SCHWEITZER

The Honorable Mike Cooney
President of the Senate
State Capitol

The Honorable Scott Sales
Speaker of the House
State Capitol
Helena, MT 59620

Dear President Cooney and Speaker Sales:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto Senate Bill (SB) 465, “AN ACT EXEMPTING THE STATE COMPENSATION INSURANCE FUND AND ITS BOARD OF DIRECTORS FROM THE MONTANA ELECTRONIC GOVERNMENT SERVICES ACT AND CERTAIN PROVISIONS OF THE MONTANA INFORMATION TECHNOLOGY ACT; AMENDING SECTIONS 2-17-506, 2-17-513, 2-17-516, AND 2-17-532, MCA; AND PROVIDING AN EFFECTIVE DATE.”

In 2001, the Montana Legislature passed the Montana Information Technology Act, because it recognized the importance of information technology (IT) in the 21st century. The 2001 Legislature recognized that information technology - hardware, software, and associated services and infrastructure – has become a key component of any large organization’s infrastructure, and the State of Montana is no exception. Montana citizens - taxpayers, licensees, business people, benefit recipients - depend on the state’s IT to be operational and efficient. The 2001 Legislature recognized the importance by declaring the state’s policy “that information technology be used to improve the quality of life of Montana citizens by providing educational opportunities, creating quality jobs and a favorable business climate, improving government, and protecting individual privacy and the privacy of the information contained within information technology systems.” Mont. Code Ann. § 2-17-505(1).

The central purpose of the Montana Information Technology Act (“MITA”) is to establish centralized management and control of information technology for the State of Montana and its agencies. The state policy, MITA continues, is that the “development of information technology resources in the state must be conducted in an organized, deliberative, and cost-effective manner.” Mont. Code Ann. § 2-17-505(2).

The Montana Information Technology Act sets high standards for the delivery of the state’s information technology. MITA declares that the Department of Administration, in providing IT services, “must be accountable to the governor, the legislature, and the citizens of Montana.” Mont. Code Ann. § 2-17-505(3). The Chief Information Officer is an appointed position and is accountable for the delivery of an efficient IT system that Montanans need and demand. As

HOUSE JOURNAL
EIGHTY-SIXTH LEGISLATIVE DAY - APRIL 23, 2007

Governor, I not only expect that the state's computers will operate effectively and efficiently so that the state can deliver its services to the people of Montana, I accept that as head of the executive branch of government, my Administration will be held accountable if it does not.

The Montana Information Technology Act was crafted by a legislative interim committee, which devoted two years to studying how to improve the delivery of information technology in state government. Prior to passage of MITA in 2001, Montana's information technology system was fragmented and prone to failures. Many of you recall the POINTS debacle, in which the State of Montana wasted a minimum of \$35 million contracting for a computer system for the Department of Revenue that was never delivered. Some estimate the loss to the State closer to \$60 million. This unfortunate experience was a major reason for the planning and procurement controls and oversight established in MITA.

The 2001 Legislature determined that oversight of state government's information technology should be consolidated under one roof. SB 131, sponsored by Sen. Mike Taylor by request of the Legislative Finance Committee, passed the 2001 Legislature with only one dissenting vote. The interim committee recommended that all executive branch agencies except those then excluded from governance by the Department of Administration come within the provisions of MITA.

As recently as November of 2005, the Legislative Auditor completed an audit of the enterprise IT management responsibilities of the Department of Administration. The auditors considered the legislative intent of MITA and discussed the many benefits of having one agency manage and lead the direction of IT. The audit report recommended the Department be more proactive in exerting centralized management and control, as required under the statutes. The Department, the Chief Information Officer, and the Governor's Office of Budget and Program Planning have worked diligently to implement the audit recommendations.

This legislative session, the State Fund came to you asking to be segregated from the planning and procurement controls of MITA. The State Fund is an agency in the executive branch of government subject to laws applicable to all other state agencies. The State Fund has presented its case that it is different than other state agencies, because it competes for business with the private sector and must operate like an insurance company.

The fatal flaw with the State Fund's argument is that every agency of government can make its case for being unique. The Department of Public Health and Human Services could argue that the confidentiality requirements of HIPAA (the Health Insurance Portability and Accountability Act) demand its own individualized information technology system. The Department of Revenue could argue that the need for an efficient tax system and the requirements for confidentiality of state taxpayer information under both state and federal law demand it be exempted from centralized management and control. The Department of Justice could demand that its criminal justice information warrants that it be segregated from the unified IT system.

The State Fund is the first state agency to request the legislature exempt it from MITA, based on its argument that its needs are special. SB 465 represents the first challenge to Montana's effort to establish a comprehensive, integrated IT strategy that promotes sound business management practices. Exempting the State Fund from MITA would set a dangerous precedent. If the legislature capitulates to this first effort, other agencies soon will follow. SB 465 will be the first chink in the determination made by the legislature a mere six years ago that what is best for Montana is an enterprise approach to IT management, control, and shared services.

Notable, too, is that, as enacted, MITA anticipated that there will be occasions when exceptions to the unified system may be appropriate, and MITA, itself, provides a mechanism for granting exceptions. The Act provides that "if it is in the best interests of the state," the Department of Administration may grant exceptions to any part of the state's information technology requirements. Mont Code Ann. § 2-17-515. Legislative oversight to the granting of exceptions is provided under statute. See 2-17-515 and 5-12-205. Therefore, statutorily exempting the State Fund from MITA, as proposed in SB 465, is inconsistent with the process established for the granting of exceptions already

HOUSE JOURNAL
EIGHTY-SIXTH LEGISLATIVE DAY - APRIL 23, 2007

contained in MITA.

Prior to the 2007 legislative session, the Department of Administration attempted to negotiate with the State Fund pursuant to the provisions of 2-17-515. Rather than continuing to seek to resolve its differences pursuant to the statutory mechanism, the State Fund instead chose to seek an outright exemption from the IT laws by promoting SB 465. I can assure you that if my veto is sustained, the Department of Administration will continue to work with the State Fund within the existing statutory provisions to address and resolve the concerns of the State Fund.

Finally, I do not want to leave you with any false impressions. Computer systems are not foolproof. They can and do crash. You may have heard about two computer outages to the state's system that occurred in the last couple of years as justification for SB 465. The State Fund, too, suffered its own outage in 2006, when the State Fund installed a new switch on equipment under its control and disabled an important part of its agency network services.

Such outages, however, are not a reason for abandoning MITA. The real issue is whether an organization is prepared to respond when an outage occurs. It is my belief that centralized control of infrastructure – with all the necessary maintenance contracts and support structures in place to access vendor expertise – is better equipped to respond to the inevitable outage. MITA, in its current form, embodies this sound policy.

To conclude, the Montana Legislature enacted an enterprise approach for the delivery of information technology to the people of Montana. The public policy behind MITA is to promote operational effectiveness and efficiency. I believe SB 465 is contrary to this policy. SB 465 would create inefficiency and higher costs for IT operations both at the State Fund and the Department of Administration. I am not convinced that exempting the State Fund from MITA will benefit workers' compensation recipients or Montanans, generally. To the contrary, all arguments lead me to the conclusion that the State Fund should remain part of the state's information technology enterprise, for which my Administration is held accountable.

I return SB 465 to you with these reasons for my veto. I ask you to sustain this veto.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill (HB) 729, "AN ACT REVISING ADVERTISING AND PUBLICATION

HOUSE JOURNAL
EIGHTY-SIXTH LEGISLATIVE DAY - APRIL 23, 2007

REQUIREMENTS FOR BOARDS OF COUNTY COMMISSIONERS; PROVIDING THAT A NEWSLETTER OR OTHER PUBLICATION PRODUCED BY A LOCAL GOVERNMENT IS NOT CONSIDERED A NEWSPAPER FOR COUNTY ADVERTISING PURPOSES; AND AMENDING SECTION 7-5-2411, MCA.”

HB 729 was introduced at the request of the Montana Association of Counties to correct an inconsistency in statute created in 2005, when the legislature, through enactment of HB 474, amended Mont. Code Ann. § 7-1-2121, concerning the publication of notices in newspapers by non-municipal local governments, but inadvertently left unchanged another statute concerning legal advertising in newspapers by counties, Mont. Code Ann. § 7-5-2411, which conflicted with the changes made by HB 474.

As introduced this session, HB 729 corrected the inconsistency. However, amendments were added to HB 729 that perpetuate the problem the counties sought to rectify.

Working with the interested parties, I have prepared the enclosed amendments for your consideration. With these amendments, the two sections of law, Mont. Code Ann. §§ 7-1-2121 and 7-5-2411, will not conflict. That was the goal of HB 729 as introduced. I have discussed my proposed amendment with the sponsor of the bill, Representative Raser, who has expressed her support.

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill (HB) 353, “AN ACT PROVIDING FOR THE RECORDING AND TRANSCRIPTION BY A PEACE OFFICER OF A TELEPHONIC APPLICATION BY THE PEACE OFFICER FOR A SEARCH WARRANT; AND AMENDING SECTION 46-5-222, MCA.”

HB 353 authorizes peace officer to record a transcribe a telephonic application for a search warrant. My proposed amendment is intended to correct an inconsistency in statute. Under Mont. Code Ann. § 46-5-220, a peace officer, the city or county attorney, or the attorney general may apply for a search warrant. However, as amended, Mont. Code Ann. § 46-5-222 refers to applications for warrants made only by peace officers. My proposed amendment to subsection (3)(c) of 46-5-222 corrects this inconsistency. It also uses the same language found in subsection (3)(b) of current law referring to telephonic applications for search warrants made to judges.

House Bill 361 sponsored by Representative Kottel
House Bill 369 sponsored by Representative Pomnichowski
House Bill 450 sponsored by Representative Pomnichowski

HOUSE JOURNAL
EIGHTY-EIGHTH LEGISLATIVE DAY - APRIL 25, 2007

April 24, 2007

The Honorable Scott Sales
Speaker of the House
State Capitol
Helena, MT 59620

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill (HB) 583, "AN ACT GENERALLY REVISING THE OPENCUT MINING ACT; AMENDING DEFINITIONS AND TERMINOLOGY; EXPANDING EXEMPTIONS; PROVIDING FOR SUSPENSION AND REVOCATION ORDERS; ELIMINATING APPLICATION FEES; REVISING APPEAL PROVISIONS; AMENDING SECTIONS 82-4-402, 82-4-403, 82-4-406, 82-4-422, 82-4-424, 82-4-425, 82-4-426, 82-4-427, 82-4-431, 82-4-432, 82-4-433, 82-4-434, 82-4-436, AND 82-4-441, MCA; AND REPEALING SECTIONS 82-4-421 AND 82-4-423, MCA."

HB 583 generally revises and modernizes Montana's Opencut Mining Act and provides for more effective administration and enforcement. My proposed amendment would disallow opencut operations within 1 mile of a national park, national monument, or national battlefield if it is determined that the operation would have an adverse impact on the park, monument, or battlefield. The amendment protects against unconstitutional takings and contains a "grandfather" clause so as not to effect current valid opencut permits.

Our national parks, monuments, and battlefields are an important part of our history, culture, and identity as Montanans and Americans. Furthermore, these resources contribute significantly to Montana's economy, and maintaining high quality visitor experience will assist in these contributions.

I have discussed my proposed amendment with the sponsor of the bill, Representative Jopek, who has expressed his support.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

HOUSE JOURNAL
EIGHTY-EIGHTH LEGISLATIVE DAY - APRIL 25, 2007

President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill (HB) 768, "AN ACT REVISING THE LAW RELATED TO OSTENSIBLE AGENCY; AND AMENDING SECTION 28-10-103, MCA." My proposed amendment is intended to clarify the purpose of the bill and not change it.

HB 768 amends current law that addresses the liability of a health care provider in a malpractice claim. Current law grants the health care provider immunity for "ostensible agents" of the health care provider, so long as the health care provider ensures that persons providing independent professional services have adequate insurance coverage. HB 768 requires insurance coverage "for the length of time provided for in 27-2-205." Section 27-2-205, sets forth the statute of limitations for medical malpractice claims, and contains various time limits depending on the facts of the case. My amendment states that the insurance coverage be of the same duration as the time within which a malpractice lawsuit may be brought under 27-2-205, so as to clarify the requirement contained in the bill.

I have discussed my proposed amendment with the sponsor of the bill, Representative Gallik, who has expressed his support.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

MESSAGES FROM THE GOVERNOR

HOUSE JOURNAL
EIGHTY-NINTH LEGISLATIVE DAY - APRIL 26, 2007

April 26, 2007

The Honorable Scott Sales
Speaker of the House
State Capitol
Helena, MT 59620

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill (HB) 683, "AN ACT PROVIDING THAT A FULL GUARDIAN MAY NOT CONSENT TO THE WITHHOLDING OR WITHDRAWAL OF LIFE SUSTAINING TREATMENT OR TO A DO NOT RESUSCITATE ORDER IF THE GUARDIAN DOES NOT HAVE CONSENT AUTHORITY PURSUANT TO THE MONTANA RIGHTS OF THE TERMINALLY ILL ACT, THE LAWS PROVIDING FOR DO NOT RESUSCITATE ORDERS, OR A COURT ORDER; AND AMENDING SECTIONS 50-9-106 AND 72-5-321, MCA."

HB 683 codifies current practice that a guardian of an incapacitated person may not withhold or withdraw life sustaining treatment absent a legal written advanced directive under the Montana Rights of the Terminally Ill Act and the do not resuscitate provisions of Montana law. HB 683 clarifies that absent a written directive, the guardian must petition a court for permission to withdraw treatment. My proposed amendment is intended to clarify that the standard employed by the court when acting on a petition under the guardianship laws is the same as the standard the court employs under the Montana Rights of the Terminally Ill Act.

I have discussed my proposed amendment with the sponsor of the bill, Representative Reinhart, who has expressed her support.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

MESSAGES FROM THE GOVERNOR

April 26, 2007

The Honorable Scott Sales
Speaker of the House
State Capitol
Helena, MT 59620

The Honorable Mike Cooney
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill (HB) 406, "AN ACT EXPANDING ACCESS TO HEALTH CARE SERVICES BY ESTABLISHING A GRANT PROGRAM FOR COMMUNITY HEALTH CENTERS; CREATING AN ADVISORY GROUP; REQUIRING A REPORT TO THE LEGISLATURE; TRANSFERRING GENERAL FUND MONEY; PROVIDING AN APPROPRIATION; AND PROVIDING AN EFFECTIVE DATE."

HB 406 establishes a grant program for local community health centers, to be administered by the Department of Public Health and Human Services (DPHHS). The bill appropriates \$650,000 from the general fund for each year of the biennium to DPHHS to be allocated to communities. However, the bill neglects to direct any appropriations to DPHHS for the costs incurred in administering the program, such as setting up the program, establishing a grant process, determining federal eligibility requirements, staffing the advisory committee established in the bill, or paying the travel and reimbursement expenses of the advisory committee.

My proposed amendment authorizes DPHHS to spend up to .5% of the amount appropriated to cover its administrative expenses.

Sincerely,

BRIAN SCHWEITZER
GOVERNOR

(2) Except as provided in 17-2-108 and subsection (3) of this section, all money appropriated for the university of Montana campuses at Missoula, Butte, Dillon, and Helena and the Montana state university campuses

HOUSE JOURNAL
NINETIETH LEGISLATIVE DAY - APRIL 27, 2007

at Bozeman, Billings, Havre, and Great Falls, the agricultural experiment station with central offices at Bozeman, the forest and conservation experiment station with central offices at Missoula, the cooperative extension service with central offices at Bozeman, and the bureau of mines and geology with central offices in Butte must, after the expiration of the time for which appropriated, revert to an account held by the board of regents. The board of regents is authorized to maintain a fund balance. There is a statutory appropriation, as provided in 17-7-502, to use the funds held in this account in accordance with a long-term plan for major and deferred maintenance expenditures and equipment or fixed assets purchases prepared by the affected university system units and approved by the board of regents. The affected university system units may, with the approval of the board of regents, modify the long-term plan at any time to address changing needs and priorities. The board of regents shall communicate the plan to each legislature, to the finance committee when requested by the committee, and to the office of budget and program planning.

(3) Subsection (2) does not apply to reversions that are the result of a reduction in spending directed by the governor pursuant to 17-7-140. Any amount that is a result of a reduction in spending directed by the governor must revert to the fund or account from which it was originally appropriated.

(4) (a) Subject to subsection (4)(b), after the end of a fiscal year, 30% of the money appropriated to an agency for that year by the general appropriations act for personal services, operating expenses, and equipment, by fund type, and remaining unexpended and unencumbered at the end of the year may be reappropriated to be spent during the following 2 years for any purpose that is consistent with the goals and objectives of the agency. The dollar amount of the 30% amount that may be carried forward and spent must be determined by the office of budget and program planning.

(b) (i) Any portion of the 30% of the unexpended and unencumbered money referred to in subsection (4)(a) that was appropriated to a legislative branch entity may be deposited in the account established in 5-11-407.

(ii) After the end of a biennium, any portion of the unexpended and unencumbered money appropriated for the operation of the preceding legislature in a separate appropriation act may be deposited in the account established in 5-11-407. The approving authority shall determine the portion of the unexpended and unencumbered money that is deposited in the account. (Bracketed language terminates on occurrence of contingency--sec. 7, Ch. 565, L. 2005.)"

Insert: "Section 4. Section 53-6-1201, MCA, is amended to read:

"53-6-1201. Special revenue fund -- health and medicaid initiatives. (1) There is a health and medicaid initiatives account in the state special revenue fund established by 17-2-102. This account is to be administered by the department of public health and human services.

(2) There must be deposited in the account:

(a) money from cigarette taxes deposited under 16-11-119(1)(c);

(b) money from taxes on tobacco products other than cigarettes deposited under 16-11-119(3)(b); and

(c) any interest and income earned on the account.

(3) This account may be used only to provide funding for:

(a) the state funds necessary to take full advantage of available federal matching funds in order to maximize enrollment of eligible children under the children's health insurance program, provided for under Title 53, chapter 4, part 10, and to provide outreach to the eligible children. The increased revenue in this account is intended to increase enrollment rates for eligible children in the program and not to be used to support existing levels of enrollment based upon appropriations for the biennium ending June 30, 2005.

(b) a new need-based prescription drug program established by the legislature for children, seniors, chronically ill, and disabled persons that does not supplant similar services provided under any existing program;

(c) increased medicaid services and medicaid provider rates. The increased revenue is intended to increase medicaid services and medicaid provider rates and not to supplant the general fund in the trended traditional level of appropriation for medicaid services and medicaid provider rates.

(d) an offset to loss of revenue to the general fund as a result of new tax credits;

(e) to fund new programs to assist eligible small employers with the costs of providing health insurance benefits to eligible employees;

(f) the cost of administering the tax credit, the purchasing pool, and the premium incentive payments and premium assistance payments as provided in Title 33, chapter 22, part 20; and

HOUSE JOURNAL
NINETIETH LEGISLATIVE DAY - APRIL 27, 2007

(g) to provide a state match for the medicaid program for premium incentive payments or premium assistance payments to the extent that a waiver is granted by federal law as provided in 53-2-216.

(4) Money appropriated but not expended for the prescription drug program described in subsection (3)(b) must be transferred annually to the older Montanans trust fund provided for in [section 1].

~~(4)(5) (a) Except for \$1 million appropriated for the startup costs of 53-6-1004 and 53-6-1005, the money appropriated for fiscal year 2006 for the programs in subsections (3)(b) and (3)(d) through (3)(g) may not be expended until the office of budget and program planning has certified that \$25 million has been deposited in the account provided for in this section or December 1, 2005, whichever occurs earlier.~~

~~(b)(a)~~ On or before July 1, the budget director shall calculate a balance required to sustain each program in subsection (3) for each fiscal year of the biennium. If the budget director certifies that the reserve balance will be sufficient, then the agencies may expend the revenue for the programs as appropriated. If the budget director determines that the reserve balance of the revenue will not support the level of appropriation, the budget director shall notify each agency. Upon receipt of the notification, the agency shall adjust the operating budget for the program to reflect the available revenue as determined by the budget director.

~~(c)(b)~~ Until the programs or credits described in subsections (3)(b) and (3)(d) through (3)(g) are established, the funding must be used exclusively for the purposes described in subsections (3)(a) and (3)(c).

~~(5)(6)~~ The phrase "trended traditional level of appropriation", as used in subsection (3)(c), means the appropriation amounts, including supplemental appropriations, as those amounts were set based on eligibility standards, services authorized, and payment amount during the past five biennial budgets.

~~(6)(7)~~ The department of public health and human services may adopt rules to implement this section."

Dear Speaker Sales and President Cooney:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill (HB) 727, **“AN ACT REVISING ELIGIBILITY STANDARDS FOR THE MENTAL HEALTH SERVICES PLAN BY PROVIDING FOR CONTINUED ELIGIBILITY FOR THE PURPOSE OF RETURNING TO WORK; AMENDING SECTION 53-21-702, MCA; AND PROVIDING AN EFFECTIVE DATE.”**

HB 727, sponsored by Rep. Lange, amends Mont. Code Ann. § 53-21-702, addressing the delivery of mental health care in Montana and setting criteria for eligibility. HB 727 allows the Department of Public Health and Human Services, in determining continuing eligibility for mental health services, to disregard up to the first \$1,000 of monthly earned income for individuals who have returned to work. The fiscal impact of the bill has been estimated at almost \$600,000 for the coming biennium and \$900,000 for the succeeding biennium.

This is my first veto issued following the adjournment of the 60th Legislative Assembly. I anticipate there will be more to follow.

As Chief Executive for the State of Montana, I am ultimately responsible to the people of Montana for administering the executive branch of government and faithfully carrying out the law. Top among my duties is the sound management of the state’s fiscal resources – resources derived from the taxpayer’s pockets.

Bills passed by the 60th Legislative Assembly are beginning to arrive at my desk for consideration. When bills arrive on my desk, I must consider their policy implications and I must consider their budgetary implications.

Pursuant to the constitutional mandates, 90 days ago, I submitted a balanced budget to the Legislature for its consideration. Today, the Legislature adjourned, *sine die*, without fulfilling its constitutional mandate, to enact a balanced budget. The 60th Legislature failed to enact either a comprehensive spending package or a comprehensive revenue package. I will receive no general appropriation bill from the Legislature appropriating money for the ordinary expenses of Montana’s executive, legislative, and judicial branches of government. I will receive no general appropriation bill appropriating money for Montana’s public schools. I will receive no comprehensive tax legislation.

HOUSE JOURNAL
ADDENDUM
60TH LEGISLATURE

In my faithful execution of the laws, I cannot in good conscience sign HB 727. HB 727 is a bill that is commonly referred to as a “cat and dog” bill – a bill that is above and beyond the ordinary expenses of government, a bill that is a new proposal and was not within the executive budget, a bill that would commit the state to ongoing expenditures – when I am unable to consider the bill and see how it fits into the context of the entire state budget. It would be irresponsible for me to sign HB 727 in the absence of receiving from the Legislature a comprehensive, balanced budget.

Because this bill passed with the constitutional majorities, you will be polled by the Secretary of State as to whether to override my veto of HB 727. I urge you to do as I have done here - exercise fiscal responsibility and consider your own constitutional mandates - and sustain my veto.

Sincerely,
BRIAN SCHWEITZER
GOVERNOR

Dear Secretary Johnson:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill (HB) 522, **“AN ACT REVISING THE LAWS GOVERNING THE EXECUTIVE BUDGET; REVISING THE DEFINITIONS OF “NEW PROPOSALS” AND “PRESENT LAW BASE”; REQUIRING CITATIONS FOR ADJUSTMENTS TO THE PRESENT LAW BASE; AND AMENDING SECTIONS 17-7-102 AND 17-7-123, MCA.”**

HB 522, sponsored by Rep. Sinrud, revises the laws governing the executive budget. The bill amends some statutory definitions and requires the executive budget to provide “the statutory citation that provides the legal mandate” for any proposed adjustment to the present law base. It is this latter provision which I find unnecessary, time-consuming, and of insufficient benefit to the legislative review process to warrant the bill.

The executive budget, and the legislative review process of it, are thorough, detailed, and comprehensive. Under current law, if the executive branch were to submit a decision package that was outside an agency’s mission or legal authority absent a corresponding legislative request, the legislative fiscal analysts would be fully capable of highlighting that fact.

However, my real objection to HB 522 is that it presumes the executive budget I submitted to the Legislature was in some technical manner insufficient. Ironically, HB 522 was sponsored by the Chairman of the House Appropriations Committee, who led that Committee into dismantling the executive budget into six pieces. Ironically, too, the Legislature adjourned yesterday because the House Republican majority refused to even place those pieces on second reading for consideration

by the full body. Frankly, I find HB 522 insulting in its implication that somehow it is the executive budget process that needs improvement.

I urge the Legislature to sustain my veto.

Dear Secretary Johnson:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill (HB) 536, entitled AN ACT PROVIDING LICENSE REQUIREMENTS AND PROCEDURES FOR WHOLESALE DISTRIBUTORS OF PRESCRIPTION DRUGS; PROVIDING RESTRICTIONS ON TRANSACTIONS INVOLVING PRESCRIPTION DRUGS; PROVIDING FOR PEDIGREES FOR PRESCRIPTION DRUGS; PROVIDING ENFORCEMENT PROVISIONS; PROHIBITING CERTAIN ACTS; PROVIDING PENALTIES; AND AMENDING SECTIONS 37-7-601, 37-7-602, 37-7-603, 37-7-604, AND 37-7-610, MCA.

House Bill 536 is unnecessary because the Montana Board of Pharmacy currently has the power to protect Montana consumers by regulating or prohibiting the sale of drugs, and because the Federal government already has the enforcement power that this bill attempts to expand to the state. However, this bill if passed may have the unintended consequence of preventing our consumers from purchasing prescription drugs at discounted rates. There is ambiguity in this bill as to whether this law might prevent or compromise Montana's ability to participate in programs that re-import safe but less costly drugs. I do not believe that we should adopt legislation that could in any way restrict such an opportunity for those who cannot currently afford medication.

Sincerely,
Brian Schweitzer

The Honorable Brad Johnson

Dear Secretary Johnson:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto Senate Bill (SB) 537, **“AN ACT REVISING LAWS RELATING TO PREPAID LEGAL SERVICES; DEFINING ‘LEGAL SERVICE EXPENSE PLAN’; PROVIDING THAT LEGAL SERVICE EXPENSE PLANS ARE NOT SUBJECT TO THE INSURANCE CODE; AMENDING SECTIONS 33-1-102, 33-1-206, AND 33-17-504, MCA; REPEALING SECTION 33-1-215, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.”**

SB 537 amends Montana laws related to prepaid legal service plans, which are contracts for the provision of legal services between plan administrators and individuals or groups. In 2001, the Legislature first passed legislation to regulate prepaid legal service plans as a type of casualty insurance. The legislation arose because of questions and complaints by both consumers and the marketers involved in the multi-level marketing operations under which the plans often are sold. The 2001 legislation helped provide the consumer protection necessary to assure that the plans were of value and that they were marketed by those licensed to market insurance products.

Now, six years later, SB 537 would remove the classification of these services as a type of casualty insurance. Instead, they would be regulated generally under Montana’s consumer protection laws, but those laws do not provide assurance at the front end that the person marketing the product has the proper professional training to sell the product and that the product being sold has the value that it is represented to have.

I do not believe that SB 537 serves the best interests of Montana’s consumers. I am concerned that if prepaid legal service plans are no longer regulated under Montana’s insurance code, the same complaints and questions about them that arose prior to the 2001 legislation will again arise.

Sincerely,
BRIAN SCHWEITZER
GOVERNOR

Dear Secretary Johnson:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I veto and return to you the following bills, identified by their bill number and short title:

HB 533 - Increase Coal Board Funding
HB 823 - Distribute Oil and Gas Funds to Counties
Senate Bill 284 - Revise Allocation of Bed Tax and Taxes on Rental Cars

My reason for vetoing each of these bills is the same, and I have stated it previously. Each of these bills involve significant expenditures of money from the State of Montana's treasury. In fact, when added together, the combined loss in the state's general fund revenue would be \$17.4 million over the coming biennium.

As Chief Executive for the State of Montana, I am responsible to the people of Montana for the sound management of the state's fiscal resources – resources derived from the taxpayer's pockets. Because the Legislature failed to pass a comprehensive, balanced budget, I am unable to determine how these measures – all of which constitute new spending or tax laws – square up in terms of Montana's ongoing spending needs and ongoing revenue.

For those bills that passed each house of the legislature by majorities of 2/3 or more, the Secretary of State will poll you on whether to override or sustain my veto. As I have asked before, I again ask you to exercise fiscal responsibility and sustain my veto of these bills.

Sincerely,

BRIAN SCHWEITZER

60TH LEGISLATURE

Dear Secretary Johnson:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto Senate Bill (SB) 407, a bill entitled "AN ACT REQUIRING THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO ISSUE A GENERAL PERMIT GOVERNING THE AUTHORIZATION FOR LIMITED DISCHARGES OF WATER PRODUCED FROM COAL BED METHANE EXTRACTION INTO EXISTING IMPOUNDMENTS FOR WATER FOR LIVESTOCK AND WILDLIFE; PROVIDING A WATER QUALITY STANDARD; REQUIRING REPORTS TO THE LEGISLATURE; AND PROVIDING A CONTINGENT EFFECTIVE DATE."

Senate Bill 407 would allow the discharge Coal Bed Methane (CBM) water into unlined ponds, an activity which, especially when coupled with precipitation events, destroys soil capability and threatens any downstream irrigated agriculture and thus threatens an industry that has been a vital to our state's economy for over a hundred years. In addition, the EPA has indicated that if SB 407 becomes law the state could be in violation of federal clean water standards.

Ponds that are used for discharge generally have leakage, and a channel below and between ponds is likely to have flows as a result of the leakage. The salty CBM water will ultimately find its way into designated state waters. For example, the high spring runoff into the Tongue River has an EC twice as high as usual for this time of year, and it is believed that a portion of the increased salt load may be coming from overflow of Coal Bed Methane discharge ponds into tributaries of the Tongue, or flushing of salts that CBM water has added to soils.

Furthermore, if SB 407 were to become law, Montana would likely be in violation of minimum federal water quality standards. EPA has warned us of this, stating that SB 407 "potentially raises concerns about whether important parts of the State's environmental programs meet federal requirements." Specifically, the bill removes beneficial use protections without going through the normally proscribed analysis required by the Environmental Protection Agency, and it exempts Coal CBM discharges into ephemeral channels from non-degradation review.

For these reasons, it is imprudent to allow SB 407 to become law.

Sincerely,

Brian Schweitzer
GOVERNOR

Dear Secretary Johnson:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I veto and return to you the following bills, identified by their bill number and short title:

HB 798 - Revise Energy Impact Funding for Natural Resource Development and Cessation
HB 822 - Generally Revise Biodiesel and Ethanol Laws

As explained in previous veto messages, my reason for vetoing these bills is that they involve significant expenditures of money from the state's treasury. In fact, the fiscal notes for the bills indicate that passage of HB 798 would cost the state general fund in excess of \$20 million in the coming biennium and thereafter, while passage of HB 822 would cost the state general fund in excess of \$3 million in the succeeding biennium. Without a comprehensive budget, I am unable to determine how these measures fit into the full package based on ongoing spending needs and ongoing revenue.

For those bills that passed the legislature by majorities of 2/3 or more, the Secretary of State will poll you on whether to override or sustain my veto. As I have previously requested, I again ask you to exercise fiscal responsibility and sustain my veto of these bills.

Dear Secretary Johnson:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill (HB) 577, “**AN ACT STANDARDIZING MEDICAL ASSISTANCE UNDER THE MONTANA MEDICAID PROGRAM TO CHILDREN UNDER 19 YEARS OF AGE; AND AMENDING SECTION 53-6-131, MCA.**”

HB 577 expands the federal poverty level threshold of children for Medicaid from 100% to 133% for children 6 years of age and older and under 19. Currently, only children under age 6 are covered by Medicaid up to 133% of the federal poverty level. The primary reason for my veto of HB 577 is that the Medicaid program is an entitlement program, but state funding for the expansion required

HOUSE JOURNAL
ADDENDUM

under the bill is not included in HB 2 - now being considered by the special session of the Legislature. Despite the fact it is not funded, if HB 577 were to become law, it is estimated that the ongoing cost to the state general fund would be close to \$1.5 million in the coming biennium and would exceed \$2 million/biennium by fiscal years 2010 and 2011 and thereafter.

Despite my decision to veto this bill, there is good news for children in Montana, as HB 577 was not the only bill passed by the 60th Legislature addressing children's health insurance. Notably, SB 22 expands CHIP (the Children's Health Insurance Program) eligibility to children whose combined family income is 175% of the federal poverty level, from the current level of 150%. Contemporaneous to issuing this veto of HB 577, I have signed into law SB 22. It is anticipated that under SB 22, 2,100 new children will obtain coverage under the CHIP program. Moreover, funding for the expansion of the CHIP program contained in SB 22 is included in HB 2 – the state budget bill – which is now under consideration by the Legislature in this special session. Additionally, the 60th Legislature passed and I signed into law HB 198, expanding dental care benefits under CHIP to cover significant dental needs beyond those covered in the basic plan.

As well, the Legislature passed and I signed into law HB 406, which will provide state assistance for the creation or expansion of community health centers through state funded grants to the centers. Community health centers serve not only Montana's children but their entire families. Finally, HB 2, in the version currently being considered by this special session of the Legislature, includes nearly \$20 million of increased funding for caseload growth in Medicaid-supported children's mental health services.

In conclusion, while my decision to veto HB 577 was not an easy one, absent funding for the expanded entitlement program under the bill, I believe I had no other choice. On the brighter side, I believe there were many other positive actions taken by the Legislature, which received my support, that will improve the health and lives of Montana's children, and for this I believe we should all be proud.

Sincerely,

BRIAN SCHWEITZER
